# ACCESSING MYSQL IN CLOUD LAB

## Steps:

**Step 1:** Click on My Lab tab.

**Step 2:** Use the credentials provided here to login to Webconsole.

## MySQL Details:

**Hostname:** mysqlldb.edu.cloudlab.com

**User:** labuser

**Password:** edureka

**Step 3:** After you login to webconsole type the below command:

```
mysql -h mysqlldb.edu.cloudlab.com -u labuser -p
```

The screenshot shows a web browser window with the address bar displaying "Not secure | bdlabs.edureka.co:50002". The main content area is a terminal window with a black background and white text. The terminal shows the following sequence of events: a user logs in from ip-20-0-41-190, enters a password (masked with a yellow box), and then runs the command `mysql -h mysqladb.edu.cloudlab.com -u labuser -p` (highlighted with a red box). The terminal then displays the MySQL monitor welcome message, the connection ID (296), the server version (5.6.38), and copyright information. It prompts the user to type 'help;' or '\h' for help, and '\c' to clear the current input statement. The prompt `MySQL [(none)]>` is shown at the bottom.

```
ip-20-0-41-190 login: [redacted]
Password:
Last login: Tue Jan 23 11:10:46 on pts/11
[edureka_249489@ip-20-0-41-190 ~]$ mysql -h mysqladb.edu.cloudlab.com -u labuser -p
Enter password: [redacted]
Welcome to the MariaDB monitor.  Commands end with ; or \g.
Your MySQL connection id is 296
Server version: 5.6.38 MySQL Community Server (GPL)

Copyright (c) 2000, 2017, Oracle, MariaDB Corporation Ab and others.

Type 'help;' or '\h' for help. Type '\c' to clear the current input statement.

MySQL [(none)]> 
```
